RE: Removal of earth products from property (Serial #3958 and 3957-1-1)

Dear Sirs:

It has been reported to this office that you are extracting and selling gravel and earth products for oilfield use from your lands in Section 13, Township 4 South, Range 2 West in the Pleasant Valley area. This letter requests that you cease this activity until you receive approval to do so from the County or demonstrate that such approval was granted in the past.

Extraction of Earth Products is a land use that requires a Conditional Use Permit from the Duchesne County Planning Commission. An application form and associated regulations are enclosed.

Depending on the type of materials being removed, this activity may also require a permit from the Utah Division of Oil, Gas and Mining. Contact information for that agency is enclosed for your information.

If you are in the business of selling earth products, you will also need a business license from Duchesne County, which could be issued once the necessary land use permit is obtained. You should cease operating an un-licensed business immediately to avoid further enforcement action.

If you have any questions regarding this letter or the enclosures, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Mike Hyde".

Mike Hyde
Community Development Administrator
